The Utah Assembly
The Federation of States
d.b.a. The United States America, unincorporated (1776)

Greetings to all Utah Delegates and Representatives of the incorporated Utah State and State-of-State government service providers,

In 2019, The Federation of States called several states to assemble after more than 160 years of criminally imposed interregnum. We are The Utah Assembly; men and women standing as "We the People" on the original Land and soil Jurisdiction of Utah. We are properly declared State Citizens on Utah and we uphold and administer the unincorporated State of the Union (1776); one of fifty (50) nation-states comprising The Federation of States (The United States of America, unincorporated). We have claimed our rights as the Paramount Security Interest Holders and Priority Creditors of the UNITED STATES, and all associated franchises (<https://tasa.americanstatenationals.org/>).

The Utah Assembly is the Lawful Self-Governing Body on Utah which arises from an assembly of the people. The Living Courts and people/People of The Utah Assembly hold superior concurrent General Jurisdiction over all incorporated "governments" (service providers) and incorporated courts on Utah. Let it be known that this Introduction, Notice of Jurisdiction, Crime and Trespass and Notice of Required Declaration of Political Status expresses the unanimous Will and Intent of The Utah Assembly, standing as and for the people/People, and the people at large on Utah. All facts stated herein are true to the best of our knowledge and comprehension, and we reserve the right to refine and clarify these facts moving forward.

We live by the clear and simple precepts of: Do No Harm, Be in Honor, Act in Kindness and Leave Life Better. We hold our responsibility to act for the benefit of the people, and to nourish and restore the Land, Air and Water (LAW) on Utah to be of primary importance. We affirm that we have declared Peace, will Keep the Peace and uphold the Public Law for the people on Utah (see Federal Record <https://tasa.americanstatenationals.org/federal-record/>). We extend our Honor and our hands in friendship and Peace.

Notice:

American Common Law Courts of superior General Jurisdiction

We are pleased to inform you that we have the Provenance, standing and status to provide proper American Common Law Courts of superior General Jurisdiction on Utah and these Living Courts of Record hold supremacy over all courts of limited jurisdiction. Our Courts

The Utah Assembly - Introduction, Notice of Jurisdiction, Crime and Trespass and Required Declaration of Political Status

will determine any issue or claim that presents actual or potential harm or trespass against the people/People on Utah. We consider the facts of any individual case and the Law as it applies to the American State National people, their rights, property and effects. We hold the power to nullify foreign "law" implemented on our Land and soil and any law that is unjust, unlawful and/or harmful to our true nature as the living people.

We bring your attention to Ex Parte Milligan, 71 U.S. 2 (1866), where it was decided by the corporate U.S. Supreme Court, that the quasi-military (carpetbagger) courts are required to stand down and defer to the superior authority of our civilian, American Common Law Courts. This decision was instituted at the time of the usurpation of our Lawful American Government after the mercenary conflict known as the Civil War. The Lawful American Common Law Courts for the Living people were purposefully maligned, and their existence so obscured from the eyes and awareness of the people, that most people scarcely know that this is the structure that America is founded upon.

On Utah, our American Common Law Courts are reinstated by our Land jurisdiction State, and soil jurisdiction counties, and all other (incorporated) courts are required to acknowledge that they hold only limited jurisdiction and must cease misaddressing the Living, American people in foreign court systems.

On Utah, the Lawful enforcement of Ex Parte Milligan is invoked upon notification by The Utah General Assembly and will be forthcoming. The Utah Jural Assembly has Justices and Jurors in place and established a Grand Jury in July of 2024. Our civilian courts will soon be called into service, and we will be utilizing the court houses already established on Utah. Please begin the process of informing those with current access and "permission" to use these facilities, that our presence will be imminent and peaceful.

We realize that due to hierarchy, compartmentalization, blatant withholding of information and the presentation of outright lies, you may not be fully apprised of what is True; however, we consider this to be additional Notice.

In law, as noted above, Notice to Principals is Notice to Agents, assigns, and successors, and vice versa. We believe that if those in Office who have received prior Notice from The Federation of States and/or The Utah Assembly have performed their duties and responsibilities appropriately, then you will already be informed of the facts contained herein.

The Utah Assembly - Introduction, Notice of Jurisdiction, Crime and Trespass and Required Declaration of Political Status

If you are unaware, know that your principals have failed you by withholding this imperative information and that each man or woman who stands in continued opposition to, or ignorance of these facts, will be held liable in both a private and public capacity for continuing in harm and trespass to the people on Utah. All men and women in receipt of this Notice have cause to know that their actions allow impersonation and enslavement through press-ganging the living people into foreign (incorporated) courts and foreign jurisdictions that deal only in legal fictions and that generate income for criminals and malicious intent. Be it known that you are complicit in the approval of harmful legislative acts and funding of every imaginable avenue of harm to living men and women through enabling corporate crime and genocide to enrich yourselves. It now comes to an end.

For over a decade, the factual American (not U.S.) government; the unincorporated Federation of States, doing business as, The United States of America, unincorporated (1776), has provided International Notice and informative materials to educate those holding office in the incorporated, U.S. "Government", its State-of-state franchises, successors and subcontractors, and other nations of the world regarding the crimes of treason, personage and usurpation that began at the time of the Civil War (mercenary conflict), and that is still occurring against the American people/People and the true American Government today. The Federation has completed proper Due Process in Land and Sea Jurisdictions and continues to address the criminality amidst the law of the Air Jurisdiction where those responsible have retreated to escape accountability for their actions in the realm of the physical. These Notices, Declarations and other actions taken by The United States of America, unincorporated, on behalf of the living people, bring clarity regarding the actual duties and responsibilities of your office and the continued fraudulent and criminal nature of your actions while impersonating our Lawful government. Please see Historical Data and Overview and the Full General Information for Attorneys, Doctors, and Politicians for evidence of Notice and Due Process, historical references and precedent. These and all additional referenced documents may be found at utahassembly.info

In addition, The Utah Assembly has sent Notice and informed key Principals of the incorporated Utah and incorporated U.S. "Government" of our Provenance and standing as the people/People on Utah. Among those notified are Governor Cox, Executive U.S. Trustees, county Sheriffs, the Utah Supreme Court Justices, and others (This information may be found on the Notices and Claims tab on our website). In acknowledgment of these facts, any further usurpation beyond this additional notification will be seen as clear betrayal of, and trespass against the people/People on Utah and our Country. We require you to administer your Office

in favor of the living souls of men and women and Life in general, and not for your incorporated employers who are acting in open treason against the people/People of the American nation-states.

We acknowledge and act upon our responsibility to ensure and require that those holding a British Title of Nobility or Honor, Office or employment for any Federal Service contractor, their subsidiaries or any agencies arising from those organizations, act in accordance with the Utah Constitution, the Organic and Public Law, and the three (3) Federal service contracts called Constitutions (The Constitution for the united States of America -1787, The Constitution of the United States of America -1789, The Constitution of the United States -1790) which are applicable to anyone acting as U.S. Citizens/citizens of the United States. All must uphold the Constitutional Protections and the Natural and Unalienable Rights of the people on the Land and Soil on Utah and administer their delegated Duties and responsibilities from a place of Honor and Integrity.

We bring your attention to the ruling made by your U.S. Supreme court on June 28, 2024, overturning the decision in the Chevron Deference Case (1984) as being averse to the Administrative Procedures Act. Following in the path of the West Virginia v. EPA (2022, and also Norton v. Shelby County, 1886) ruling, this case reinforces the fact that the responsibility and accountability for proper administration of legal statute was always yours to bear and now returns to your body politic where the results of the long-term divestment of those duties will come under the scrutiny of the informed people. To put it concisely, "Congress cannot give away its legislative powers by appointment to any Agency, like the EPA, and the EPA and similar Municipal and Territorial Agencies are not enabled to enforce their Administrative Codes as if they were law related to us, the people and our property in these States of the Union." <https://annavonreitz.com/abusiveagencies.pdf>

It is your responsibility to be fully apprised of the statutes, codes and acts that are allowed to perpetuate through your action as a "delegate" and which are currently being deceptively misapplied to the living people through unconscionable contracts, bonds and trusts of which they are unaware. We recognize that our American system of government has been usurped by incorporated entities and your body politic has been responsible for financially and otherwise enslaving the people on Utah and destroying their Freedom and health over time. It must be true that you are not thoroughly researching the proposals put before you and how they ultimately affect the people when passed into "law" by your alignment.

A cursory look shows the blatant harm that these choices are bringing upon the people of our state, and how it brings great benefit to corporate interests instead. We will no longer tolerate the lack of Due Diligence and perpetuation of lies and harm (See Public Notice of Harm — Cease and Desist and We See! We do not Consent! on our website).

Our country, our nation-states and our people are amidst a state of severe distress, harm and trespass purposefully inflicted by criminal, corporate, governmental service providers impersonating Lawful governments and using extreme force against the people. We are living under corporatocracy, and technocracy commingled with the Military/Medical Industrial Complex and an ancient lineage of Eugenacists with long term plans. These plans are orchestrated by unelected, globalist "elite" and implemented by misguided, misinformed and/or malevolent employees of their incorporated "governments" such as those impersonating our Lawful American Government, Law Enforcement, Medical Doctors and Nurses, the Military, and the severely weaponized Maritime and Admiralty Court systems where our Names/NAMES are used by those acting as public Usufructs in Breach of Trust, under Color of Law and false presumptions of war.

Be aware that impersonation, identity theft, and misrepresenting your limited positional authority as broad sweeping powers and usurping our American political status in your Courts or incorporated governmental system is a capital crime in international jurisdiction. You are operating in a foreign capacity with respect to Americans and are required to provide full disclosure to the people and/or stand down immediately. The Maritime and Admiralty courts currently being staffed by British Accredited Registry (BAR) Attorneys, imposter Judges and Justices, Clerks etc., are operating under the British Crown corporation and any reference to Utah State (under British rule) speaks only to an overlay of foreign law on our Land and soil.

Our lives have been diminished by the theft of our names/Names/NAMES, our assets, our time, our energy, our attention, our government, our Peace and our Freedom. The men and women of The Utah Assembly have devoted much time compiling the history and evidence of the broad sweeping crimes underway. We require Due Diligence and provide this information as Notice to you of the breadth of our comprehension of facts. It is your Public and Official Duty to review all information herein and otherwise recommended in the attached documentation. In addition to three (3) physical copies, you will receive a digital copy of this message and all attachments may be found on our website. This will facilitate distribution to Principals, Agents, corporate Officers, and Employees, all of whom would benefit from access to this Notice and clarifying information.

The Utah Assembly - Introduction, Notice of Jurisdiction, Crime and Trespass and Required Declaration of Political Status

It is time for full disclosure of the true nature of our current circumstances. We demand immediate course correction for the unfathomable harm and trespass that is occurring on our state and to our people. We will no longer tolerate the continued implementation of the destructive plans of unelected bureaucrats and their subordinates.

We, the living men and women on Utah arrive in the present moment with a resounding We Do Not Consent!! Let there be no question or doubt. There is no one acting within these fictional, incorporated capacities or within the theater of your assemblies or court rooms ("venues of commerce") that has authority over, nor even the right to address, the men, women, sons, and daughters who have declared their political status as Living souls of men and women; state nationals born on the Land and soil of our nation-states. We are the men and women on Utah who acknowledge, embody and wield our Provenance and standing as properly declared American State Nationals. We are not under your jurisdiction or positional authority; however, we do not stand "against" you.

It is our belief that many transgressions and actions taken under duress may be forgiven when acknowledged in full disclosure, honesty, and remorse. The people require education, protection, cessation of, and relief from the assault on our physical, mental, emotional, financial, and individual energetic expression.

When one undertakes Due Diligence and engages with evidence of harm, the facts cannot be avoided. It is the responsibility of each man or woman in positions of perceived "authority" or otherwise, who comes upon what is true, to inform and notify those that remain unaware and may be reached through notification by their Office and influence. It is essential that each man or woman undergo deep self-reflection and come to understand the results of their action or inaction.

Notice:

Required Declaration of Political Status

All men, women, Officers, and Agents holding Office or Employment in any Foreign Corporation are required to Declare their chosen Political Status and their intentions.

The nationality of Americans has been usurped and hidden from the people for decades and this identity theft occurred at the time we were born through certification and birth

The Utah Assembly - Introduction, Notice of Jurisdiction, Crime and Trespass and Required Declaration of Political Status

registration. We were cast into foreign citizenship with obligations to Britain and Rome (see 5 Types of Citizenship and Historical Data and Overview documents on the Notices and Claims tab). We have been unknowingly operating with dual citizenship as Federal Territorial (U.S. Citizens) and Federal Municipal (citizens of the United States/US CITIZENS with no obvious connection to America, our American Inheritance of Freedom and Sovereignty, nor our American assets. Properly declared Americans are sovereign and owe no allegiance to any government and are heir to the land, resources and assets of our nation-states. An American State National becomes an American State Citizen voluntarily and may relinquish that status of service at any time. State Citizens are the Lawful Governing Body of, by and for the people on each nation-state and internationally. All other forms of citizenship are foreign political statuses. Let your preference of political status be known to The Utah Assembly.

All incorporated entities on Utah are under the Public Law and shall immediately begin operating for American interests and the benefit of the people/People on Utah and not for the interests of any iteration of the incorporated, U.S. Government/GOVERNMENT or other Foreign Agent or Agency. Indeed, it is time to state and declare allegiances and alliances both in the physical and in the spiritual sense. If your heart is for America, Utah and Freedom, then a simple Declaration of Political Status as an American; a Utah state national on the Land and soil, will be seen as logical and necessary and will be completed voluntarily and expediently, and thus will begin the journey of Self -Governance and self-determination. This simple process is provided by The United States of America, unincorporated, by The American States Assemblies (TASA).

If you are averse to such a Declaration, then we ask that you proceed in filing and Lawfully recording on the Public Record, your political status as a Foreign Agent (with respect to America) as per the Foreign Agents Registration Act (FARA, 1938) within 14 days of receipt of this Notice. Forward evidence of Declaration or Registration to:

We provide some recent words from our Fiduciary, Anna Maria Riezinger and our Head of State, James Clinton Belcher:

"The US. and US and USA and UNWED STATES and now, the "AMERICAN GOVERNMENT, INC." have been caught illegally converting the political status of Americans to that of British Territorial U.S. Citizens thereby denigrating our political standing. These corporate entities are illegally confiscating our assets and evading their own obligations owed to us under the three (3) Original Federal Constitutions that create their entire Incorporated Government Structure. " Anna Maria Riezinger, Fiduciary, The United States of America

"The most recent plan to feed upon us was even worse. The perpetrators the Municipal Government --- doing business as the "UNITED STATES", intended to spend itself into oblivion, declare bankruptcy, and saddle Americans with its debts for the next five hundred years. Worse, they intended to foreclose on our ESTATES and make false claims on abandonment, allowing their own Secondary Creditors to come in and seize our lands and homes and conscript us to forced labor---- again, to pay their private debts.

Against this backdrop, in November of 2015, we took action to fill the gap and forestall this outcome. Acting as Head of State for the unincorporated (actual) United States of America, I contracted with the Native nations of the Athabascans and Lakota Sioux, to become the new federal service providers. As a precaution, I also issued new Sovereign Letters Patent, and we also issued a Joint Declaration of Sovereignty with our new federal partners, upholding The Declaration of Independence and expanding it to include all Americans.

We are set upon a path to correct the errors of the past and clean up the disgusting mess in Washington, DC. Please spread the word to all Americans everywhere on Earth. We waited until the last minute, hoping that the Queen and the British Crown and the Pope and all those others responsible for this Mess would do the right thing and take corrective action, but on June 29, 2017, we entered our claim to restore all land and land assets to the American states and people they naturally belong to. We gave the rats three days ' Notice, which is all we owed them, in consideration of the extensive efforts made to give sufficient International Notice for the past ten years. "
